

In our democracy, the public airwaves are licensed so that the kind of corporate abuse being practiced by Sinclair Broadcasting does not go unchecked.

Sinclair Broadcasting's demand that its affiliates air "Stolen Honor" is a great disservice to my community. It robs our local station of its decision-making prerogatives, and foists upon my community a one-sided and distorted view to further its own ends.

I would urge the FCC to review Sinclair Broadcasting's license in view of this abuse of its power -- and this perversion of democracy.  
Thank you.
